Foreword

TO THE TRADE:

The policy of the Waller-Franklin Seed Company has been, and will continue to be, to regard quality as the first consideration in the production of our flower seed.

The steady growth of Waller-Franklin Seed Company and the reputation we enjoy throughout the entire trade as a Quality House, continue to strengthen our determination to maintain the highest possible standard of quality that trained personnel of long experience can produce.

Our entire production centers around our large trial and breeding grounds. This important department is under the direction of our same staff of experts who are carrying on a continuous program of the improvement of standard varieties and the development of new and better varieties.

NEW TWICE-DAILY AIR MAIL AND AIR EXPRESS SERVICE

We now have excellent air mail and **air express** service enabling shipments to reach Chicago and New York within 24 hours.

On definite instructions by you we will forward any portion of your order by this extra fast service.

GENERAL CONDITIONS OF DELIVERY

For every order that we shall accept, we have sufficient land planted to produce the desired quantity of seed under normal conditions.

Should the outcome of the crop be lower than our estimation, orders will be filled pro rata only. Crop failure or any other cause beyond our control releases us entirely from delivery.

We give no warranty, express or implied, as to the productiveness of any seeds we sell and we will not be in any way responsible for the crop. Our liability in all instances is limited to the purchase price of the seed.

TERMS

All seeds are quoted f.o.b. Guadalupe, California, for delivery after harvest crop of 1950, 60 days acceptance net, less 2% cash thirty days. Invoices payable in U. S. dollars only. All overdue accounts subject to sight draft without further notice. Bags and containers will be charged at cost and are not returnable.

We reserve the right to change prices in this list at any time.

NOVELTIES INTRODUCED BY WALLER-FRANKLIN IN 1949

Waller-Franklin's new Triumph Supreme Hollyhock

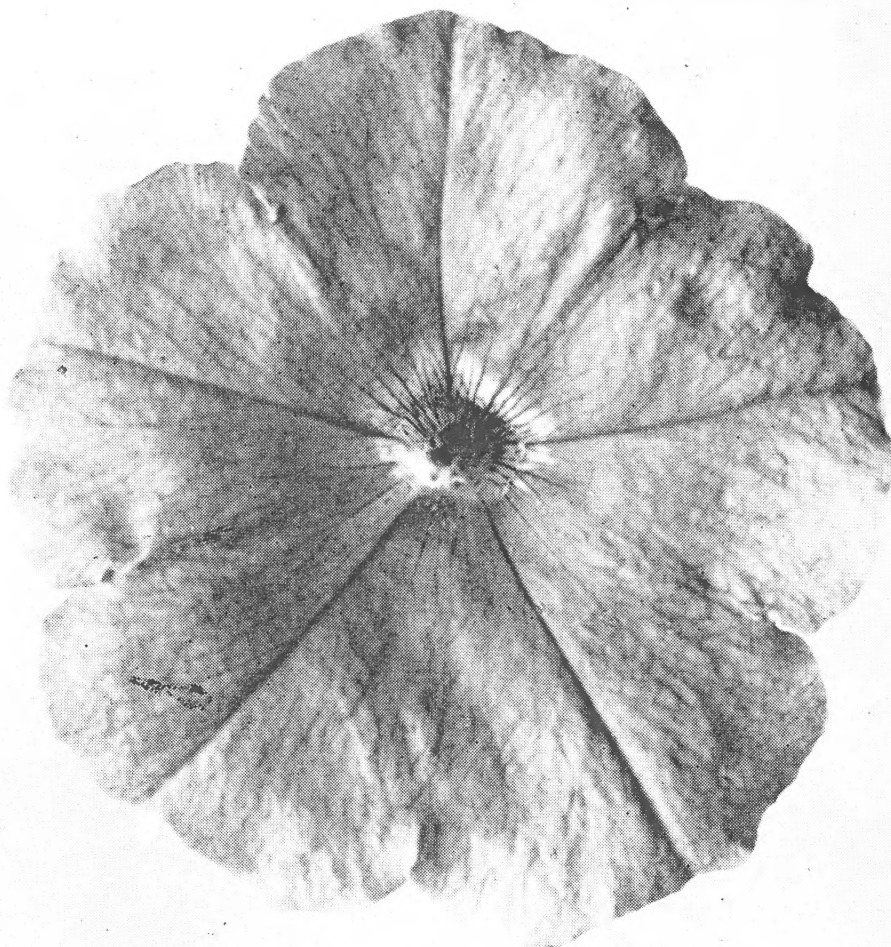

NEW DOUBLE HOLLYHOCK "TRIUMPH SUPREME"

Color range of unsurpassed variety. All the favorite colors plus vivid scarlets, orange, and buff combinations not to be found in existing strains. Full double blossoms gracefully waved and fringed show well above the foliage.

Early blooming qualities make this strain flower in our fields along with the annual sorts and earlier than many. Rust resistance is present to a high degree, greatly overcoming this major handicap to the growing of hollyhocks in many areas.

Unquestionably Triumph Supreme Hollyhock is the feature introduction of our list. Price per oz. \$1.65, per lb. \$20.00.

NOVELTIES INTRODUCED BY WALLER-FRANKLIN IN 1949

Waller-Franklin's new Royal Rose Petunia

A NEW BALCONY PETUNIA **"ROYAL ROSE"**

A new and better Balcony Petunia, superior in every respect. We especially recommend Royal Rose for your standard bedding rose-colored petunia. A truly giant flowered, clear warm shade of rose that will surely become a year after year favorite. Tested and proven in trial grounds throughout the country this past summer. Price per oz. \$3.50, per lb. \$40.00.

A NEW MID-BLUE PETUNIA **"BLUE BEDDER IMPROVED"**

A new Waller-Franklin developed mid-blue Petunia of more compact habit than any other variety of similar color. Not only is it more compact growing but very free-flowering and a more pleasing shade. An additional feature is its early blooming habit in flats or pots, making it especially desirable for bedding-plant trade. This new variety has been tested in many different localities and its superiority proven. Price per oz. \$4.20, per lb. \$50.00.

All leading kinds of Petunias on Pages 44, 45, 46, 47.

NOVELTIES INTRODUCED BY WALLER-FRANKLIN IN 1949

New Waller-Franklin Hybrid Gerbera

A NEW GERBERA (Transvaal Daisy) "WALLER-FRANKLIN HYBRIDS"

The increased popularity of Gerbera among the gardening public as well as the commercial growers is of striking significance to all seedsmen. In line with this increase in popularity, we are pleased to offer this brand new exclusive strain that we believe is the finest color range obtainable from seed. Long solid stems topped by large yet graceful blooms in varied brilliant and unusual colors heretofore rarely obtainable even from plant divisions. Five-inch blooms, with many duplexed.

Price per 1000 seeds, \$3.50, per oz. \$18.00.

A NEW MISSION GIANT MARIGOLD "LIMESTONE"

Beautiful chrysanthemum type incurved flowers of typical Mission Giant habit of growth, bloom size, and season. Limestone is a soft lemon yellow, completing the color range of this chrysanthemum flowered group, so well begun with Goldsmith and Yellowstone (see Page 40) which received All-America Trial Awards in 1941 and 1942.

Price per oz. \$0.85, per lb. \$10.00.

NOVELTIES INTRODUCED BY WALLER-FRANKLIN IN 1949

*The new Pixie Delight Dwarf Lupin growing for seed.
Plants only 8 inches high.*

DWARF ANNUAL LUPIN "PIXIE DELIGHT"

A gay little dwarf Lupin in a mixture of pleasing shades of pink, rose, blue, lavender and white, as well as bicolor combinations. As it starts flowering freely in only a few weeks from seed sowed outdoors, it makes an especially fine new item. Useful in borders or bedding and as a pot plant 8 inches tall.

Price per oz. \$0.65, per lb. \$8.00.

A NEW AFFINIS NICOTIANA "DAYLIGHT SENSATION MIXTURE"

This fine strain provides a brilliant color range lacking heretofore in Nicotiana. Bright scarlet, crimson, rose, mahogany, violet, yellow, coral, lilac and white are to be found in an interesting variety of shades. The blooms of this strain remain open during the daytime, adding another highly desirable feature.

Price per oz. \$0.65, per lb. \$8.00.

NEW PACIFIC BEAUTY CALENDULA

If you are not using our Pacific Beauty Calendula be sure to try them this year. See page 19.

WALLER-FRANKLIN INTRODUCTIONS OF SPECIAL MERIT

Waller-Franklin New Giant Scabiosa, Oxford Blue

SCABIOSA WALLER-FRANKLIN SPECIAL STRAIN "OXFORD BLUE"

A deep rich tone of campanula blue never before seen in Scabiosa. This new shade of blue extends the color range to a depth far beyond Ageratum Blue or Blue Moon.

The long-stemmed, giant size, full double blooms so characteristic of other fine Waller-Franklin strains of Scabiosa, are to be found at a peak of perfection in Oxford Blue. Bloom size is larger than any variety offered to date.

Price per oz. \$0.35 ; per lb. \$3.50.

PHLOX DRUMMONDI GIGANTEA "MELLOW MOON"

Our newest addition to a distinguished line of medal winners of proven merit and acceptance. Mellow Moon is a soft subdued shade of pastel yellow, that will harmonize happily with most colors to be found in home gardens. Typical florets are $1\frac{1}{4}$ to $1\frac{1}{2}$ inches in diameter, grouped in enormous clusters on well formed, moderately low growing plants of the Gigantea class.

Price per oz. \$2.10 ; per lb. \$25.00.

WALLER-FRANKLIN INTRODUCTIONS OF SPECIAL MERIT

New Waller-Franklin Petunia, Snowball Improved

PETUNIA HYBRIDA NANA COMPACTA

"SNOWBALL IMPROVED"

This compact white Petunia is the result of many years work to obtain a lower growing, more compact strain of Snowball. We have now conformed this well regarded standard variety more truly to the nana compacta class, yet have retained the desirable, well rounded blooms not found in other white Petunias in this group.

The well formed compact plants retain their shape throughout the entire growing season. Clear throated blooms nearly three inches in diameter, grow profusely to produce the finest mass effect one could desire.

Price per oz. \$3.00; per lb. \$35.00.

DWARF SINGLE BEDDING PETUNIAS

See Page 45 for descriptions of the five companion varieties to offer with Snowball Improved.

WALLER-FRANKLIN INTRODUCTIONS OF SPECIAL MERIT

New Miniature French Double Marigold, Spry Hybrids

MARIGOLD (French Double) MINIATURE

"SPRY HYBRIDS"

Here is a refreshingly new hybrid strain of Miniature Marigolds. An abundance of varied flower formations in new and unusual combinations of yellow, mahogany, scarlet and orange, are to be found in this strain, thus providing an endless source of delight and interest.

Each plant is a symmetrical specimen of neat compact growth. The dwarf uniformity of this strain readily lends itself to border plantings and bedding use.

Price per oz. \$0.45 ; per lb. \$5.00.

MARIGOLD DWARF FRENCH DOUBLE

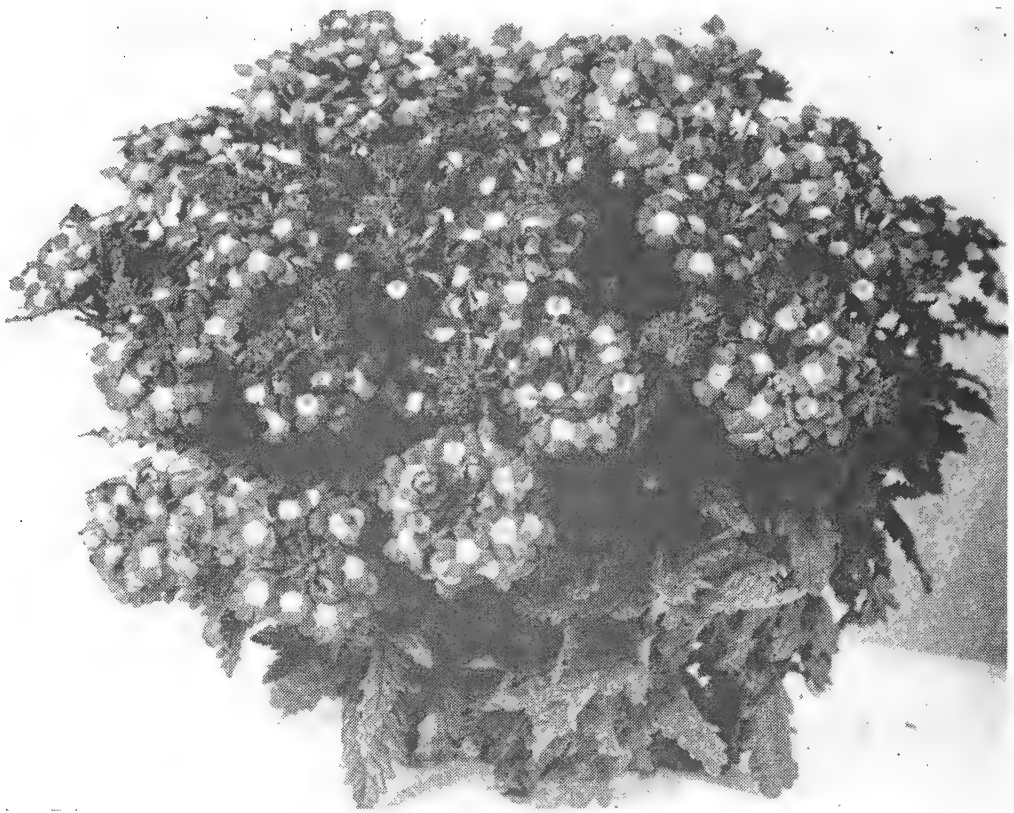

"ELDORADO"

A live, pleasing canary yellow, tinted slightly deeper toward the center of the flower. Grand for borders and edging, the early profusion of clear, full double blooms on uniform plants maintain their form throughout a long blooming season. Flowers are 1½ inches across, closely set on well-rounded dwarf plants about 10 inches in height.

Price per oz. \$0.45 ; per lb. \$5.00.

A complete offering of the most desirable Marigolds on pages 39 and 40.

WALLER-FRANKLIN INTRODUCTIONS OF SPECIAL MERIT

Waller-Franklin New Bush Type Verbena, Starlight

THREE NEW BUSH TYPE VERBENAS (Giant Flowered)

"ROSELIGHT"

Waller-Franklin Bush Verbenas are definitely destined to supersede the regular strains, in the opinion of seedsmen who visited our fields and trials this summer. Roselight is a bright rose-pink with white eye giving a color effect similar to our ever-popular Rosy Morn petunia. Profuse blooming and of uniform habit, this much desired color blends well with the color scheme of most gardens. Price per oz. \$2.50, per lb. \$30.00.

"SALMON QUEEN"

A new type of Verbena of especial value to the home gardener. The unique growth of the plants make an even, uniform band or border closely covered with flowers over a long blooming season. The broad, flat-topped, bushy plants are about 8 to 10 inches high and 12 to 15 inches across, with the flower heads practically touching each other. The color is a most pleasing shade of bright salmon-pink. Price per oz. \$1.65, per lb. \$20.00.

"STARLIGHT"

A second color in this fine new type of Verbena. Starlight is a bright mid-blue with a creamy white eye. Plants are of uniform bushy habit about 8 to 10 inches high and 12 to 15 inches across, with the flower heads practically touching each other. An excellent companion to Salmon Queen, which proved so popular.

Price per oz. \$1.65, per lb. \$20.00.

WALLER-FRANKLIN INTRODUCTIONS OF SPECIAL MERIT

Waller-Franklin Ruffled Petunia, "Little Giants"

PETUNIA RUFFLED NANA COMPACTA "LITTLE GIANTS MIXED"

Small, compact, mound type of plants about 12 inches tall, completely covered with blooms over a longer season than most other varieties of Petunia.

The medium-sized, well ruffled and waved, deep-throated flowers, produced in the most attractive colors, range from deep crimson through pink and rose to white in almost every imaginable shade and combination of marking in a pleasing balance of light and dark shades. Price per oz. \$15.00.

A BETTER DELPHINIUM CHINENSIS "BLUE MIRROR"

A new type of Delphinium Chinensis sure to become increasingly popular. The clear, bright, navy-blue wide-open flowers are without spurs and face upward. This makes it much more attractive both for a low border and for cutting. The 12 to 15 inch tall plants continue to bloom throughout a long season. Like the other varieties of Delphinium Chinensis, it is a hardy perennial that blooms the first year from seed sown outdoors in the spring and continues for succeeding years. Price per oz. \$1.25, per lb. \$15.00.

WALLER-FRANKLIN INTRODUCTIONS OF SPECIAL MERIT

Dianthus Heddewigii Single Laciniatus "Gaiety"

DIANTHUS HEDDEWIGII LACINIATUS SINGLE "GAIETY"

The petals of the large single flowers are so deeply cut the flowers have a lacy appearance. Besides its interesting and attractive flower formation, the range of colors is both gay and brilliant. The increasingly good sales are evidence of its popularity with gardeners. Our strain has been maintained by continued careful selection. Price per oz. \$0.35; per lb. \$4.00.

CALIFORNIA NATIVE WILD FLOWERS "WALLER-FRANKLIN CENTENNIAL BLEND"

Here is a new distinctly better special blend we are introducing at this time to correspond with California's Centennial Year celebration, making a timely "special offer" for your use.

We have selected those species that grow easiest under most average conditions, and with as wide a range of color and type as possible. Our selection includes both annuals and perennials, and vary in height from approximately 1 foot to 3 feet. Most of them have not as yet been generally offered.

Price per oz. \$0.30, per lb. \$3.50.

PACIFIC BEAUTY CALENDULA

This **new** family of Calendula is the result of several years work to produce a strain with uniformly large flowers of better formation, longer and straighter stems, more clear colors, and more resistant to mid-summer heat.

Apricot Beauty—Of an attractive two-toned effect together with large flowers and long stems. It is a far better apricot-colored Calendula.

Cream Beauty—The creamy-white shading to soft light yellow makes this the most delicately colored of all Calendulas.

Lemon Beauty—A pure lemon yellow. The long, wide petals give the flowers a much more graceful appearance and the centers are well covered.

Persimmon Beauty—Flowers of a true persimmon-orange of unusual brilliance and size, with long graceful petals on tall, vigorous, long stems.

Pacific Beauty Mixture—A blend of the four varieties described above.

Price of each, per oz. \$0.25, per lb. \$3.00.

CARNATIONS (*Dianthus Caryophyllus*)

For several years we have been acknowledged leaders in the production of American grown Carnation seed. The varieties we offer have proved to be the best types for American gardens. They are carefully grown in well isolated plantings to assure trueness to color and type.

NEW CARNATION, ENGLISH GIANTS, Mixed Colors, 18 inches

The best type of Carnation we have seen for the gardener who appreciates superior size and quality and is willing to give his planting a little extra attention to obtain the best.

If well grown and the secondary buds are removed from under the main bloom, the gardener will obtain blooms comparable to greenhouse grown Carnation.

Price per oz. \$1.65, per lb. \$20.00.

MARGUERITE, 16 to 20 inches.

Choice Mixed \$0.85 \$10.00

CHABAUD'S GIANT IMPROVED, 16 to 20 inches.

These Carnations bloom five months from time seed is planted and continue throughout the summer. The plants are of robust upright habit; they form ten to twenty stalks, bearing huge flowers of fine form; they come about 95% double, remarkably true to color, and are clove scented.

PERPETUAL GIANT, 16 to 20 inches.

Second only to English Giants in size of bloom and producing excellent cut flowers.

The heavier dark green foliage of the seedling plants make it a favorite variety for bedding-plant growers.

MARIGOLD (*Tagetes*) annual

TALL AFRICAN DOUBLE FISTULOSA, 3 ft.

ALL-DOUBLE—An especially fine tall branching strain, bearing enormous flowers of the quilled type. One of the greatest improvements in the history of African Marigolds. No longer do we have to be content with a high percentage of singles. This strain is 100 per cent double, with huge perfectly formed blooms.

As originators, we claim to have the most perfect and best strains. Especially selected for florists.

Mission Giants

A new personality in Marigolds of exceptional merit. The plants grow about 18 inches high and show much more than the ordinary amount of vigor. Under our field conditions the plants, which are base branching, produce from 8 to 12 stems of excellent cutting length. The blooms, which measure from 4 to 5 inches in diameter, are almost a perfect ball.

PANSY (Viola Tricolor)

The advantages of carefully grown California Pansy seed are high germination, increased longevity, and early delivery. We can usually furnish high germinating seed for your July-August sales.

Waller-Franklin Special Formula Mixture of Swiss Giants

A magnificent blend of Swiss Giant Pansy, characterized by a predominance of rich wine colors. It far surpasses, in form and range of dark, rich colors, any mixture of Swiss Giant Pansy we have seen. The plants are uniformly compact and most of the blooms are waved, giving them the appearance of being frilled. This Formula Mixture has been one of our special items for a number of years.

STOCKS (Gilliflower)

"The World's Best Double Stocks"

For many years Waller-Franklin has been the world's leading grower and introducer of the finest strains of Double Stocks. Our method for maintaining doubleness assures you of only "High-Percent Double" Stocks, and our selection of varieties includes only those proven to be the most desirable.

As long ago as 1932 we received fifteen various awards from The Royal Horticultural Society of Great Britain for our doubleness and trueness of our Stocks. Every year we continue to carry on the immense amount of detail work necessary to maintain our foremost position.

DOUBLE LARGE FLOWERING DWARF TEN WEEK, 1 ft. annual

Ten Week Stocks are so named because they bloom in ten weeks after planting seed. Those in heavy type are the six varieties we have selected as being the best of the brightest colors. In our test plantings they all grow and bloom together.
